

MEMORANDUM

To	Member States		
From	AusDBF		
Date	12 February 2020	Document No	M-0031
Subject	AusDBF Travel Insurance - valid till 30 June 2021		

Dear Members,

Current financial individual members of AusDBF will be able to **now** purchase an AusDBF International Licence which gives them access to international travel insurance if they are intending to compete at the 2020 CCWC in Aix-les-Bains, France, in August, or any other events recognised by IDBF for the 2020/21 year.

IDBF has recently launched their updated Recognised Festival Program which can be viewed here - <https://www.dragonboat.sport/docs>

The cost of the License is \$75.00 per competitor. While the travel policy associated with the license for the 20/21 year is not yet set up, AusDBF expects it to have similar terms and conditions as the current year. Details on that policy can be viewed here: <https://www.ausdbf.com.au/policies/insurance/>

The policy is for competitors only, and partners travelling with the competitor are covered free. However, if for example both partners are competing then both partners must pay the Licence fee.

Clubs will be required to complete the template on the website (noting all competitors travelling). AusDBF will issue invoices to clubs rather than each individual, and want to limit that to a maximum of two invoices per club – one now and one in July to mop up any new competitors.

Any queries please contact – info@ausdbf.com.au
